Be an embodiment of happiness and give everyone happiness and receive happiness.

Give blessings and receive blessings.

(Dadiji's letter of remembrance – 20/10/2023)

Beloved Avyakt Image, Mother, Father and BapDada's deeply loving instrument teachers, brothers and sisters from this land and abroad, who are the decoration of the Brahmin clan and the light of Baba's eyes, ones who always fly and make others fly in the viman of blessings, ones who give everyone the co-operation of their virtues and powers, ones who experience the reward of the confluence age instead of the hard work in their efforts, please accept sweet remembrance full of God's love and many, many hearty greetings from the heart for the pure festival of Deepawali.

All of you must be constantly flying with the wings of zeal and enthusiasm, and taking blessings from BapDada and all your service companions and the Brahmin family, must be experiencing constant progress. Baba says: Children, at present, whether you make any other effort or not, simply give blessings and receive blessings. Now, you have to accumulate in your account of blessings. When you make your account of blessings full now, then on the path of devotion, everyone will continue to receive blessings from your images. The effort of those who receive everyone's blessings becomes very easy. For this, continue to give everyone happiness. You receive a lot of blessings by giving happiness. So, be an embodiment of happiness and give everyone happiness and receive happiness. Give blessings and receive blessings. There is no effort in this and you will easily become a conqueror of Maya. However, you have to pay attention that you do not give happiness to anyone by breaking any code of conduct. Give everyone happiness from your heart according to the codes of conduct.

Tell me, sweet brothers and sisters, you are paying such attention and flying in the rocket of blessings, are you not? Time is giving this signal: Children, now bring the expansion of the intellect into its essence and practise putting a full stop to your thoughts in a second. Now, do not get caught up in the upheaval of any questions. Do not waste the invaluable time of the confluence age in the questions of "Why?" and "What?" Have the stage of a detached observer, and, while observing your own part and the parts of others, always remain happy. Your stage of happiness will transform the atmosphere. Now be co-operative in creating a spiritual atmosphere. Let the atmosphere of your service places be such that all the souls who come there experience peace and power and everyone receives support.

At present, many of Baba's children are coming running from this land and abroad to have deep experiences of the avyakt meeting. Baba, the Resident of the subtle region, makes His children full with many blessings. The powerful energy from Baba's home and the pure vibrations from here liberate all souls from any waste. The pure and powerful rays of our sweet and lovely BapDada and our Dadis in their avyakt form are giving us the experience of the canopy of protection.

Now, everyone will be celebrating the pure festival of Deepawali with a lot of splendour. Sweet Baba has ignited the lights of all of us and brought us into the light from darkness. Now, igniting many lamps from one lamp, giving everyone's God's message, we have to celebrate the true Deepawali, that is, we have to celebrate the coronation of Shri Lakshmi and Shri Narayan in the golden-aged world with a lot of splendour. So, many, many hearty greetings to everyone for the coming of the golden world. Achcha.

All of you must be very happy and well. Lots of love-filled remembrance.

In Godly service,

B.K. Ratanmohini

Avyakt Signals – November 2023

Give blessings and receive blessings.

1. In order to receive blessings, give power to those who are powerless. Give the co-operation of virtues and powers. These blessings work like a rocket that is even faster than a lift, so then you won't have to give time to your efforts, but will continue to fly with the rocket of blessings. Instead of the hard work of effort, you will experience the reward of the confluence age. If you use your time for making effort to giving co-operation to others, your effort will automatically be accumulated.
2. When you carry out a task by being an instrument for that special task in service, you receive special blessings. You receive the fortune for being an instrument. Because everyone's vision is on those who become instruments, they also have attention on themselves and their effort for their self becomes easy. If souls who have become instruments play their part accurately, they receive the help of co-operation from others.
3. Blessings from everyone's hearts are invaluable. However many blessings one receives from the hearts, those blessings from the heart are accumulated and so effort becomes easy. Simply continue to be ever-present on service and constantly continue to increase your account of charity.
4. Let your head and heart always be rested, your stage be of happiness and comfort – become such jewels of contentment. This contentment brings you blessings from the Father and everyone. A contented soul will always experience himself to be flying in the viman of blessings from the Father and everyone. He will not ask for blessings, but blessings will automatically come to him.
5. When a soul is already weak, then instead of looking at his or her weaknesses, give that one co-operation and you will receive blessings. If you are not able to do anything else, the easiest effort is to give blessings and receive blessings. Give regard and become praise-worthy. One who gives regard is respected by everyone, and to the extent that one is respected, so he claims a right to the kingdom and become a worthy to be worshipped soul.
6. According to the present time, to forgive is to give teachings. It is very easy to be a teacher, but now forgive and be merciful, do not just be a teacher. Only if you now imbibe the sanskars of forgiving will you be able to give and receive blessings.
7. Transform or forgive someone who has a malevolent attitude with your benevolent attitude. Even if you are not able to transform them, at least you are able to forgive them. You are master oceans of forgiveness and so your forgiveness will become a teaching for them.
8. No matter how many defects a soul has, even if they are an impure soul without knowledge or a soul of the Brahmin family who is not making any effort – first of all, forgive them. Just as the unlimited Father doesn't keep in His heart the children's defects or weaknesses, but instead first forgives them, just as the worship-worthy deities forgive the devotees, similarly, you too are world benefactors, master creator souls, worthy of worship souls, the same as the Father. You too must not keep anyone's defects or weaknesses in your heart, but must first forgive them. After that, in order to benefit such souls, constantly keep the original virtue and form of every soul in front of you and praise that soul. That is, remind that soul of their greatness.
9. When someone is physically weak, they are given a blood transfusion to make them strong. Or, they are given a powerful injection to make them strong. So, you too have to give those weak, powerless souls the co-operation of the powers and virtues that you have. Give strength to weak souls. When you give them the co-operation of your virtues and powers, they will give you blessings from their heart.
10. If someone is weak or influenced, then, first of all, change your language and thoughts towards that one. It should not even enter your thoughts, "This one is never going to change." Or "This one should change first." No, I have to change first. Just as you put yourself first in other things, in the same way, no

matter what others are doing, you have to think about what you have to do, what you have to think and what you have to say. Put the self forward in this. It is only through this that elevated vibrations will spread and you will receive everyone's blessings.

11. Continue to receive blessings from BapDada, from all your service companions and the souls of the Brahmin family who come into connection and relationship with you. You have to accumulate a lot in this account of blessings. Now make your account of blessings so full that from the copper age onwards, everyone continues to receive blessings from your images.
12. However many blessings you receive from the hearts of others, when these are accumulated, your effort becomes easy. Therefore, constantly continue to increase the charity that you receive from service. Continue to give everyone happiness. You receive many blessings by giving happiness. These blessings are added in your marks for effort.
13. When the service you do is free from obstacles, you automatically accumulate marks for doing service that is free from obstacles. When you give others happiness, either through your thoughts, words or deeds, you accumulate marks. Therefore, be an embodiment of happiness and give and receive happiness. Give blessings and receive blessings. This doesn't require any effort. By doing so, you will very quickly become a conqueror of Maya.
14. Simply pay attention when you give happiness. Never give happiness to others by breaking any code of conduct – that would not be accumulated in the account of happiness. That would be accumulated in the account of sorrow through automatic machinery. Therefore, give happiness to others from your heart according to the code of conduct. Let it not be superficial but from your heart. Children of the Bestower of Happiness give happiness through their thoughts and words to those who come into connection and relationship with them and accumulate blessings.
15. In every thought of you elevated souls, let the blessings from the heart for the benefit for everyone, the elevated transformation, and for making souls free from being influenced, and greetings of happiness be naturally visible, because all of you are bestowers, that is, deities, the ones who give.
16. Brahmin souls are children of the Ocean of Happiness; they are embodiments of happiness, bestowers of happiness. Since you have renounced the land of sorrow, you must neither cause sorrow nor accept sorrow. By giving happiness you receive a lot of happiness. These blessings are added to your efforts. Whether through thoughts, words or deeds, when someone gives happiness, marks are *automatically added* to his efforts. Therefore, become an embodiment of happiness and give happiness and receive happiness.
17. Let your zeal and enthusiasm constantly increase at every second and, one day, you will make this world full of enthusiasm your kingdom. Therefore, make everyone enthusiastic and receive blessings. Continue to receive blessings at every second and continue to give blessings. With your blessings all souls will always be happy.
18. Give the co-operation of powers and virtues to souls who are weak because of being influenced by their problems. Give power to those who are weak and their blessings will become a lift for you. Now, instead of working hard in your effort, experience the reward of the confluence age. Learn and teach others how to receive blessings. To be happy and make others happy is to receive blessings and to give blessings. These blessings will easily make you conquerors of Maya.
19. No matter what someone is like, even if he is someone who defames you, even then, let only blessings emerge from your heart at every moment for that soul – let this soul also benefit, let his intellect be peaceful. Your elevated thoughts filled with good wishes will transform that soul.
20. Power is needed to tolerate. To tolerate means to reveal the form of power in a practical way. When you tolerate, who are you tolerating for? You tolerated to be obedient to the Father, not for anyone else, but you obeyed the Father. So you will definitely receive blessings for being obedient.

21. When you children see adverse situations in front of you, many of you think that you have had to tolerate a great deal. You ask how much longer you are going to have to tolerate these things, because you think that there should be a limit to how much you have to tolerate. However, when your tolerance is unlimited, then because you are being obedient to the Father, you receive unlimited blessings. Baba has told you to tolerate everything. Therefore, don't tolerate something by feeling compelled to do so, but in happiness. You will be benefited by this.
22. From amrit vela until night time, have the aim of giving and receiving blessings. Whether or not you do anything else as well, you must give and receive blessings. Even when others cause you sorrow, you still have to give them blessings. By doing this, you will easily imbibe the virtue of tolerance.
23. Let the self and others experience pure vibrations of good wishes and feelings for every soul at every moment. Let there always be blessings emerging from your mind for every soul. Let your mind always be busy in this service, just as you are experienced in staying busy in the service through words and when you don't have any service to do, you experience yourself to be empty. In this way, let service through words as well as through the mind automatically continue to take place.
24. You have received BapDada's direction: Children, do not have waste thoughts, do not look at anything wasteful, do not listen to anything wasteful, do not speak anything wasteful. Do not waste your time in performing wasteful actions. You have gone beyond doing anything bad, but each of you must now become an image of such an obedient child that you claim a right to receive God's blessings.
25. Baba's direction is: Children, at amrit vela, have accurate and powerful remembrance. As a karma yogi, let every action you perform should be in humility as an instrument. In the same way, you have also received directions as to what your vision and attitude should be like. By continuing to follow these directions accurately, you will constantly experience a stage of peace filled with supersensuous joy and happiness.
26. Baba's direction is: Consider your body, mind, wealth and relationships to be entrusted to you by the Father. Whatever thoughts you have should be positive. Those positive thoughts should be filled with good wishes. Remain beyond the body consciousness of "I" or "mine", because these are two doors through which Maya can enter you. Thoughts, time and breath are invaluable treasures of Brahmin life. Therefore, save these and do not waste them.
27. The first and foremost of BapDada's direction is: Be pure and conquer lust. The majority of you have passed in following this direction. However, half of you fail in the second subject of anger. Many of you say that you don't become angry, but that you sometimes have to be a little bossy. Therefore, this is disobedience and children who are disobedient cannot receive blessings.
28. The children who do everything in their daily timetable from morning till night, according to the directions they have been given, never experience anything to be laborious. They receive the special fruit of obedience in the form of blessings so that every action they perform is fruitful.
29. Obedient children constantly experience contentment. They constantly and naturally experience all three types of contentment: 1) They remain content with themselves. 2) Because they do everything accurately in the right way, they remain content with whatever successful fruit they attain. 3) Everyone who has a connection or relationship with them is content with them.
30. Because every action the obedient children perform is according to the directions they have been given, those actions are elevated. Therefore, none of their actions would cause a disturbance in their mind or intellect. They would never have to think about whether something they do is right or not. Because they do everything correctly according to the directions they are given and don't do anything under any influence of their karmic bondage, they remain constantly light. Because they perform every action according to the directions they are given, they experience God's blessings, and constantly feel will-power inside them and are totally fulfilled with supersensuous joy.
