

Burn the tamoguni quality of matter and souls through volcanic remembrance.

**Sweet letter of remembrance for instrument teachers and brothers and sisters
of the Brahmin family from this land and abroad. (20/6/2026)**

Beloved Avyakt Image, Mother, Father, BapDada's deeply loving instrument teachers and brothers and sisters from this land and abroad, who are the decoration of the Brahmin clan, ones who always have your spiritual pride and finish all adverse situations of everyone, ones who radiate the powerful vibrations of yoga to everyone, collectively, with the concentration of your mind and intellect, please accept Godly love-filled sweet remembrance.

In the month of June, along with the memories of our sweet Mama, hearing about all her specialities and imbibing these into yourself, you must have made very good efforts. The month of July is the month of remembering the memories of our sweet Didi Manmohiniji. Didi, whose name was Gopi, always remained merged in Baba's love. With her own original and deep dharna, Didi gave alokik sustenance to the whole divine family and taught everyone how to follow the Godly codes of conduct. Because the line of her intellect was always clean and clear, her powers to discern and to make decisions were such that she would discern the three aspects of time of any soul and make them even more capable and worthy.

So, today, along with this letter, we are sending you some points of her Didi Manmohiniji's specialities and the teachings we received from her; these will help you a lot in your intense efforts.

The months of July and August, according to the weather in Bharat, because of the monsoon everywhere, yoga-bhatthi programmes are organised at all the service centres. Now, at the present time, beloved BapDada's special signal is: Children, now your yoga has to be of the powerful, volcanic form, full of light and might like the lighthouse, through which the tamoguni quality of matter and souls will be burnt. For this, be stable on the seat of the awareness of your elevated self-respect and spread the light and might of purity with your powerful yoga. The more your attitude will be pure and benevolent, the more all the peaceless and unhappy, desperate souls will experience peace and power. Now, there is the need to become a point in a second and remember the Father, the Point-form. It is the remembrance of the Point-form that will enable you to spread powerful vibrations.

At the present time, the thought is arising in the minds of the unhappy and distressed souls in the world: Let destruction take place now. In the same way, let the thought arise in the minds of you world benefactor souls: Now, let all the souls quickly be benefitted and only then will completion take place. Baba says: Children, now emerge your kind, compassionate and merciful form and listen to the call of those in sorrow and give them the blessing of liberation. So tell me, sweet brothers and sisters, by staying in this awareness constantly, you have made your service centres places of tapasya, have you not? When there is such powerful remembrance collectively, then the task of world transformation through self-transformation will take place. Achcha.

The health of all of you must be good and all of you must be taking full benefit of the bhatthis taking place in Madhuban. Lots of love and remembrance to all.

In Godly service,

BK Mohini
Administrative Head, Brahma Kumaris

Special note: For May and June, special points were sent fortnightly to have special tapasya. Avyakt signals at the end of the murli for July are for having volcanic yoga and to help with yoga tapasya programmes at all the places. The same points are also included in the July newsletter, separate points for the fortnightly homework will not be sent for July. Om shanti.
