

**Let the sanskars of being a bestower emerge in your life
and become a messenger to give God's message.**

**Sweet letter of remembrance for the instrument teachers, and
the whole Brahmin family in this land and abroad (20-8-2026)**

Beloved Avyakt Image, Mother, Father, BapDada's deeply loving instrument teachers, and all brothers and sisters in this land and abroad, who are the decoration of the Brahmin clan, those who are constantly God's messengers and who hoist the flag of the Father's revelation in the world, those who become bestowers the same as the Father, the bestowers of fortune and the bestower of blessings, those who give the donation of powers to all souls, along with sweet remembrance filled with God's love, please accept hearty greetings for the birthday festival of the future MaharajKumar Shri Krishna (Janamashtmi).

On the pure festival of Raksha Bandhan, all of you must have created huge splendour of service everywhere. Now, you will of course give everyone the good news of the coming of the future MaharajKumar Shri Krishna. In Bharat, everyone celebrates the festival of Janamashtmi with a lot of splendour. The wonderful scenes of the future new world are appearing in front of our eyes. This old world will now take leave and our new golden-aged world is in front of our eyes, where there will be the welcoming of the first prince Shri Krishna. At that time, matter too would be ready to serve everyone in its satopradhan form. All those playing their parts will be full of all virtues, sixteen celestial degrees complete, and full with all types of facilities and comforts. This is the good news you have to give everyone now. In Bharat, in many places, they decorate many very beautiful floats of the divine activities of Shri Krishna. This is also a very beautiful opportunity our sweet Baba has given us in order to give everyone God's message. So, first of all, many many greetings to all of you for the birthday of the future MaharajKumar Shri Krishna. Congratulations.

Seeing the present times, Baba says: Children, now, all of you have to remain stable in your form of a bestower and become a donor. Always have the awareness: I have to be generous-hearted at every second and in every thought and just give. Let the door of giving always be open. We all have to take from just the one Father and give to everyone. The busier we are, giving to others, the more easily we will be able to cross all the big and little things that come in front of us, because by being a great donor, you will automatically be able to receive a lot of power.

Baba says: Children, in order to become a world emperor, do not just be a bestower of knowledge, but also continue to give everyone the co-operation of love and power. After giving, never have the thought, "I have given this much, and so I must also receive name and respect or praise because of that. If children of the Bestower have this thought, then they are not bestowers. This form of taking does not suit those who are bestowers who are, constantly giving. Children of the Bestower can never have the thought: Baba, help me a little, give me some blessings. He is always full of all powers. So tell me, my sweet brothers and sisters, you are experiencing this stage of fullness, are you not? This stage of fullness will bring you close to perfection.

At the present time, the atmosphere of sorrow and peacelessness is increasing everywhere. So, at such a time, so especially let your form of a bestower emerge and give everyone the donation of powers with your mind.

I am sure everyone's health is fine. Everyone must have done a lot of tapasya in the months of July and August. And now, there is such a splendour of service. In Shantivan too, there are conferences taking place of many Wings. In October, in the beautiful moments of the avyakt meeting, there will be an opportunity to meet the unlimited Brahmin family in person, face to face. Achcha.

Lots of love and remembrance to all.
In Godly service,

BK Mohini
